

Curriculum

The Creative Curriculum will be used in the preschool classes. The Transitional Kindergarten classes will use the MSDE Approved curriculum that follows MSDE guidelines and expectations. An additional Christian curriculum referred to as ORANGE will be used in combination in all the classes. The curriculum will be intentional by acknowledging Jesus as Lord and referring to Jesus as a “special friend” as an age-appropriate way to describe this understanding. Prayers will be made in the name of Jesus when offered. Core Scripture is **John 15:5** [*Jesus*] *I am the vine, and you are the branches. If you stay joined to me, and I to you, you will produce plenty of fruit. But separated from me you won't be able to do anything.* The teaching of this core verse emphasizes God's greatest gift. Epworth Preschool and Kindergarten is part of the larger Family Discipleship Ministry of Epworth United Methodist Church. Christian components will be taught by members of Epworth Family Discipleship team. In addition to interface with our director, Linda Gaviria, families will hear from our Family Ministry staff and our Family Discipleship Minister, Paola Lemus Bustillos. Families are not required to be members of Epworth to attend EPK. For information on beliefs and structure please see www.epworthunited.org

Lessons on God's Love

Children will learn about God's love and how this can be practiced in their lives through “The Fruit of the Spirit”: love, joy, peace, patience, kindness, goodness, faithfulness, gentleness and self-control (Galatians 5:22-23). Children will focus on one or two Bible stories every month in a format that helps them take practical application home in their minds and hearts.

Mission Statement

Epworth Preschool and Kindergarten is an educational mission of Epworth United Methodist Church which provides quality educational programs within a warm, nurturing Christian environment so that children will grow to become lifelong learners and have greater opportunity to become people of faith in the community.

Educational Philosophy

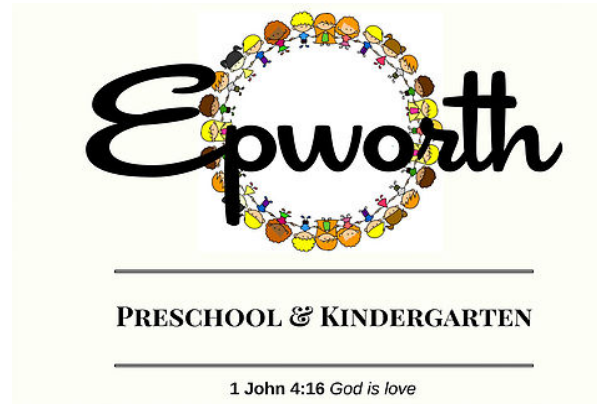

Epworth offers to its preschool and kindergarten children a comfortable, supportive atmosphere that fosters creative activities and individual growth through experimentation and exploration.

Children are unique individuals with varying rates of growth, capabilities and interests. They learn through trial and error, pleasure, imitation, participation and communication. Through the use of our physical space and child-size equipment, Epworth has designed a learning center that provides children numerous opportunities to use their senses, muscles, curiosity and language.

Our instructional goals are to provide age-appropriate activities and experiences in Language Arts, Social Studies, Math, Science, Music, Art and Physical Education. Qualified teachers implement the curriculum in these areas by using materials and equipment that are consistent with the development of children ages 2 through 5 years.

Limitations and boundaries have been set to ensure safety and a feeling of security, but not to the extent of stifling enthusiasm and imagination. Our goal is to assist children in developing a feeling of caring and sharing with others, self-awareness and self-assurance. All preschool and kindergarten class curricula are approved through the Maryland State Department of Education (MSDE).
